Professional Fees

CVG's consulting and expert witness services are billed on an hourly basis. We charge for all time spent on an assignment including project planning, telephone conversations, document and data review, research and analysis, meeting preparation, and project meetings. We do not charge for time spent traveling to and from client meetings but we do charge for all time spent in law offices or courthouse buildings including, but not limited to, meetings, depositions, testimony, conferences, and wait time.

Compensation Venture Group's fee structure is:

<u>Work Level</u>	<u>Hourly Rate</u>	<u>Project/Case Activities</u>
Principal Consultant	\$650	Client meetings and presentations, project design and management, technical direction, document and data review, senior-level interviews, report development, preparation for and time (including waiting time) in depositions and testimony
Senior Consultant	\$450	Complex analysis, interviews, data gathering and research
Associate Consultant	\$300	Basic data gathering, research, and analysis

Expenses

In addition to professional fees, we are reimbursed for actual out-of-pocket costs incurred as a direct result of an assignment. These typically include mileage for local travel (at the prevailing per mile rate established by the Internal Revenue Service), parking, telephone charges, postage, overnight mail and messenger costs, online research fees, and document production. Travel outside of the western Washington area will also incur airfare, hotel, ground transportation, meals, and related costs. This project will be managed out of our Seattle, Washington location and expenses will accrue from that location. Detailed expense charges are included in billing statements.

Initial Retainer

Our Firm requires an initial retainer to be applied against project fees and expenses. This retainer is equal to 30% of budgeted professional fees, and for litigation-related projects is subject to a minimum of \$10,000. The retainer must be received, accompanied by a signed Consulting Agreement, prior to commencement of the engagement. **This is an "evergreen" retainer** and must be replenished through the semi-monthly billing and payment process. The full retainer amount must be on account with CVG prior to any appearance of CVG staff at a deposition, trial, or arbitration hearing.

If total time and expense charges for work requested by for a case are less than \$10,000, **a minimum of \$5,000 will be retained by CVG as a "designation fee" for the value received in retaining CVG's services and any disclosures that may have been made to the Court or the opposing parties.** The balance of the retainer would be refundable less the amount of any time and expense charges.
